## Research

---

### Interest

Applied Microeconomics, Economics of Education, Labor Economics, and Econometrics

### Works in Progress

- ♦ **Reevaluating the returns to education**  
*Analyzing anew the question based on the twin design study from Ashenfelter and Krueger 1994. Using new methods and new data to reconsider the age old question on how much income increases for additional educations.*
- ♦ **Effects of ESSA**  
*This project is about the unexplored effects of the every child succeeds act (ESSA) on differing outcomes. The outcomes will include factors from elementary to college.*

### Undergraduate thesis

"An Analysis of the Undergraduate Economics Degree" Undergraduate Thesis, Mississippi State University, Fall 2020.

### Research Presentations

- ♦ "Perceptions about Texas Economy and Culture" Honors College Undergraduate Research Conference. Lone Star College, May 2019.
- ♦ "The Political Imbalance of Higher Education: Its effects on Students Education." Honors College Undergraduate Research Conference. Lone Star College, December 2018.
- ♦ "The Albany Plan of the Union and the Articles of the Confederation: A Pursuit of Liberty." Student Symposium. Lone Star College, May 2018.
